

# JFAC CONCLUSIONS/FURTHER QUESTIONS

- ▶ What conclusions did you reach about the jurisdiction that you researched that may be relevant to Arlington and Missing Middle Housing in relation to schools and public facilities?
- ▶ Were there any tools or policies used or best practices that might be relevant to recommend to Arlington's study?
- ▶ If Missing Middle studies of these jurisdictions did or did not include attention to schools and public facilities, why in your assessment do you think that they did or didn't? i.e. Do they not have enrollment growth concerns? Enough land to expand and build new schools if needed? Existing policies that would capture and control new growth?
- ▶ Are there any existing Arlington policies, planning or land use practices that would be helpful to bolster or expand?
- ▶ Are there any similarities across the jurisdictions researched that are notable in regards to approaches to missing middle and schools and public facilities?
