

REGIONALS / CONTRIBUTIONS

MISSION STATEMENT

To supplement organizations that provide beneficial services to Arlington residents and visitors.

Arlington County contributes to government, government-related, and non-profit organizations, which address issues and problems that have regional impacts. In addition, a number of non-profit Arlington-based organizations are funded in this account. Varied methods are applied in determining the level of funding provided to these agencies and organizations. They have been grouped into the following four categories according to their funding criteria:

- Group I** Organizations whose contributions are based on a population or land use formula. These are all governmental or quasi-governmental organizations.
- Group II** Organizations whose contributions are based on Arlington County's usage of the organization's services. These are all governmental organizations.
- Group III** Non-profit organizations - General. These organizations are required to present a budget to the County. Requests are reviewed and decided upon individually.
- Group IV** Non-profit organizations – Funding recommendations for these organizations are made after a bi-annual competitive review by the County's Disability Advisory Commission. The most recent review was held in January 2022, with the next to be held in 2024.

The following section describes the purpose of these organizations and their adopted level of funding for FY 2024.
