

Arlington County – RPA Single Family LDA AutoCAD Template Instruction

General Template Notes:

- Layer 0-SHEET is a **locked layer**. Do not make any edits to any text or objects on layer 0-SHEET or the submission acceptance will be voided.
- The bottom right rectangle on all sheets is the designated area for Land Disturbance Activity Approval Stamp. Do not place any text or objects within the limits of the rectangle.
- Use the PDF version of the RPA Single Family LDA AutoCAD Template as a guide when creating your AutoCAD Drawing.
- Reference in your firm’s border, scale, and north arrow. The firm’s border must fit inside the designated margins shown in the AutoCAD template.
- After downloading the .zip file from the Arlington County website, rename the .zip file to “PDF.zip”.

Individual CAD Drawing	Sheet Number	Sheet Name	Instruction
1	RPA1	RESOURCE PROTECTION AREA – WATER QUALITY IMPACT ASSESSMENT	<ul style="list-style-type: none"> • Edit items which appear in red in AutoCAD. • Show Existing / Proposed RPA Impervious Cover & Encroachment Plan in AutoCAD viewport (as shown). Recommended scale is 1" = 10'. Utilize 1" = 10', 1" = 15', or 1" = 20' depending on project size. Insert scale and north arrow for AutoCAD viewport. • Edit Resource Protection Area Notes as applicable. • Add to RPA Impacts Legend as necessary. • Edit Additional RPA Applicable Sheets Table. • Edit Impervious Area Computations Table. • PDF attach completed “Appendix C_ WaterQualityImpactAssessmentDataSheet” in direct location on sheet (as shown in RPA Single Family LDA AutoCAD Template Guidance PDF). Delete example PDF.
2	RPA2	RESOURCE PROTECTION AREA VEGETATION PLAN	<ul style="list-style-type: none"> • Edit items which appear in red in AutoCAD. • Show Proposed RPA Vegetation Plan in AutoCAD viewport (as shown). Recommended scale is 1" = 10'. Utilize 1" = 10', 1" = 15', or 1" = 20' depending on project size. Insert scale and north arrow for AutoCAD viewport. • Add to RPA Vegetation Plan Legend as necessary. • Edit Riparian Buffer: Planting Schedule Table. • Edit RPA Mitigation Table.
