Which of the draft concept designs do you prefer?

Play Equipment from Concept A shown above

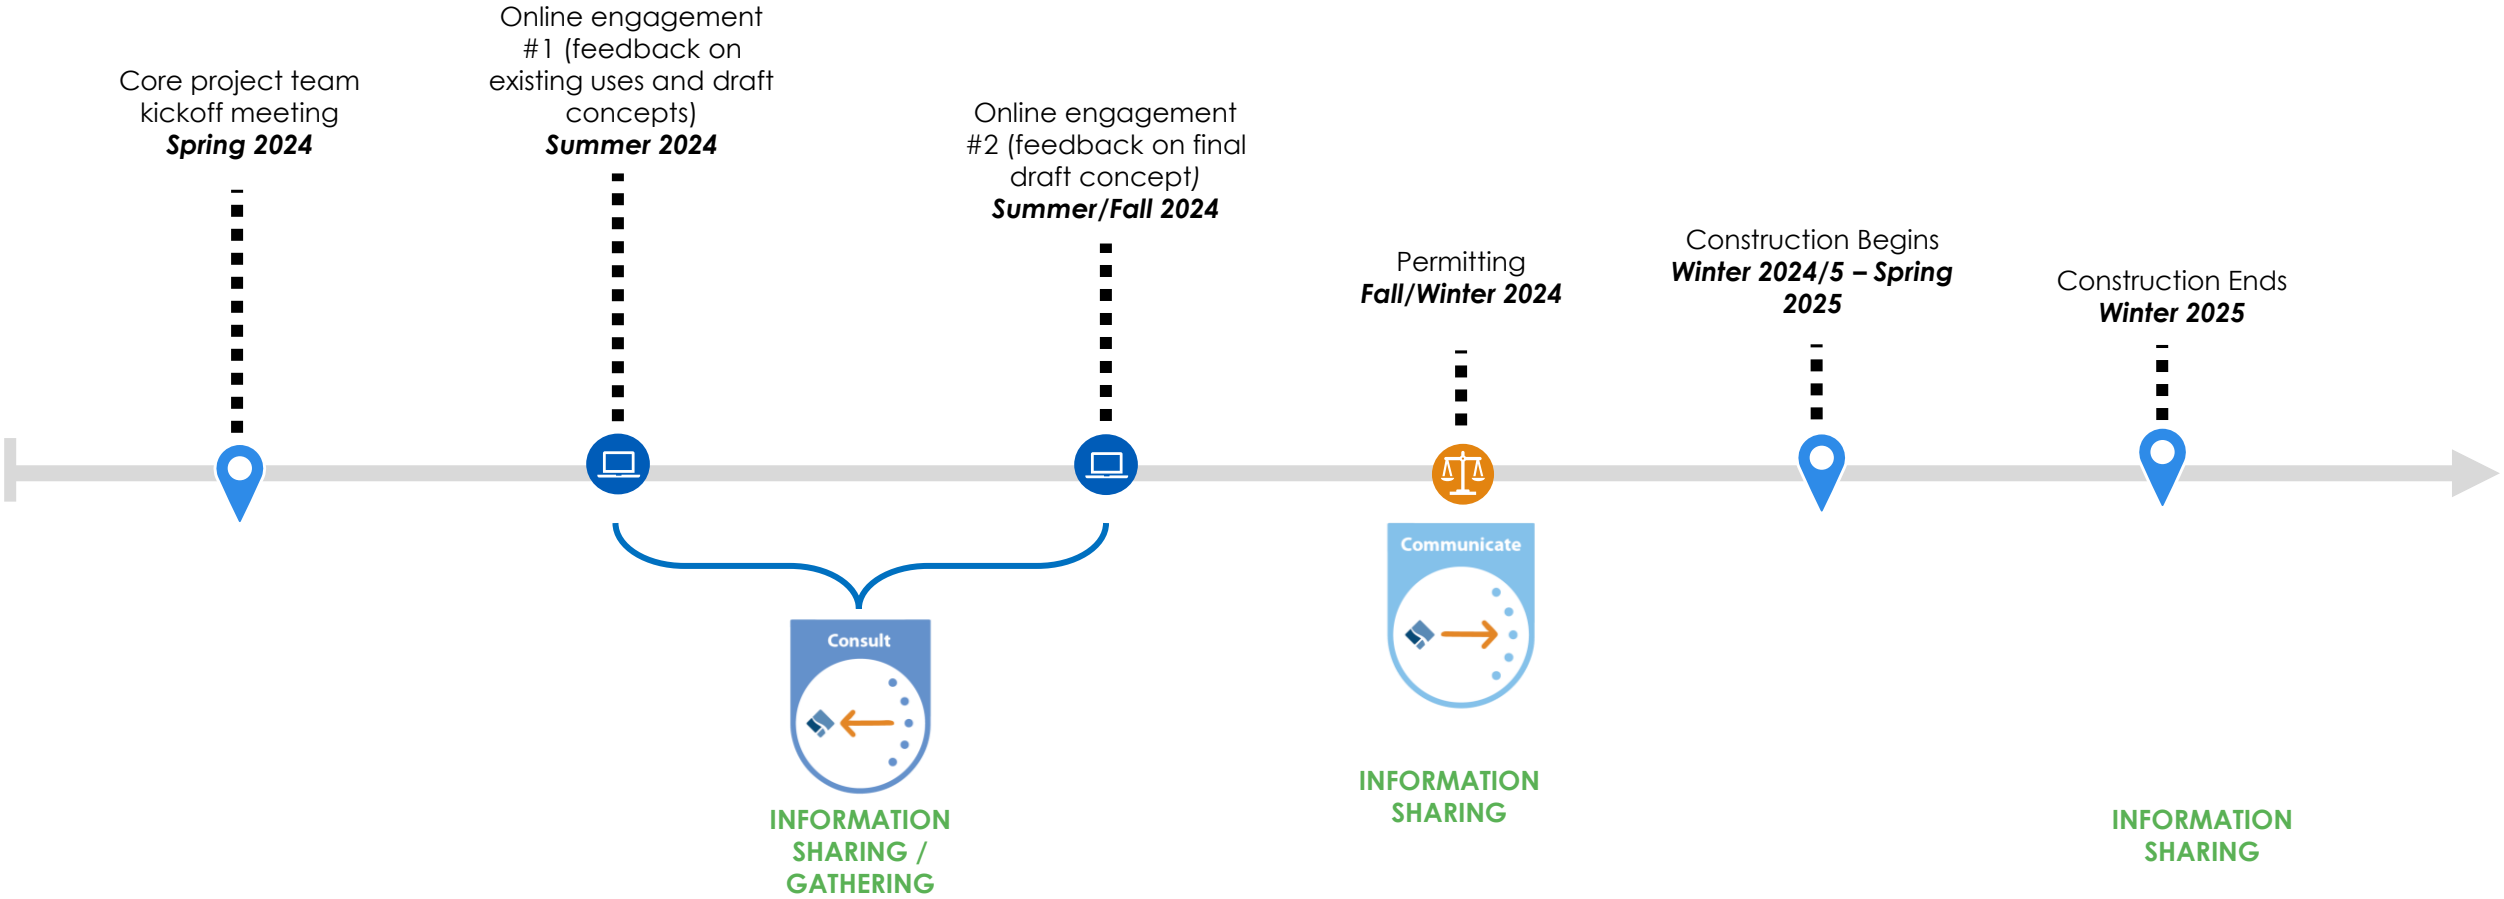

Did we miss anything? Please use the space below to expand on any thoughts or share any additional considerations that were not reflected in your answers above.

All 24 open-ended comments were quantified by tagging each with themes. The most common themes are included in the table below. You can also [read all comments](#) online.

Theme	Shade is Important	Large Playground is Important	Build Playground Quickly
Summary	<ul style="list-style-type: none"> Several commenters shared the importance of shade for both kids and parents. Some noted they would like to see more shade, especially in the seating areas. A few mentioned they picked their preferred concept because it offered better shade than the others. 	<ul style="list-style-type: none"> Several commenters shared the importance of making the play space as big as possible. A few noted that they would prefer a larger play area, even if it meant less shade, seating, or eating areas. 	<ul style="list-style-type: none"> Some commenters requested that the playground be built as quickly as possible. A few noted the construction timeline was too long and should be expedited so the community can use the playground as soon as possible.
