Use Permits for Public Spaces Design Processes

Nick Rogers – Principal Planner, CPHD Irena Lazic – Long Range Park Planning Section Supervisor, DPR Walter Gonzalez – Associate Planner, DPR

Virtual Information Session with Q & A – Oct. 3, 2023

Purpose

- Enable the County Board to consider case-by-case modifications of Arlington's zoning laws to allow:
 - More flexibility for where amenities are located in public spaces
 - Avoidance of environmentally sensitive areas
 - Avoidance of additional parking when unnecessary or when alternatives are available
- Mechanism County Board use permit process
- 2019 <u>Public Spaces Master Plan</u>'s <u>Action Plan</u> recommends the County review and consider updating the zoning regulations related to parks and public spaces
- The PSMP recommends studying setbacks, athletic field, and other lighting, parking and parking options, dog parks and dog runs, signage, height, water features, fencing and temporary use of public and private property as public space.

PSMP & Zoning

PSMP Recommendation:

1.5.10. Review and consider updating the County's zoning regulations related to parks and public spaces in "S-3A" and "PS" districts, and other County codes as needed, related to setbacks, athletic field and other lighting, parking and parking options, dog parks and dog runs, signage, height, water features, fencing and temporary use of public and private property as public space.

Progress Completed to Date:

Phase 1 completed in March 2023, focused on:

- Stormwater management
- Placement
- Setbacks
- Maximum height for fence & walls

Current Step:

- Phase 2, schedule for Fall/Winter 2023:
 - County Board authority to approve increased height, reduced setbacks, and reduced parking amounts on a caseby-case basis (Use Permit req.)
- Phase 3, targeted timing to be commenced in 2024 :
 - Comprehensive study, with possible support from consultant team
 - Identify best practices for flexible zoning standards for public spaces
 - Topics to evaluate include definitions/terms, new standards for height/setbacks, sign regulations, and by-right parks outside S-3A district

Public Involvement with Public Space Planning

- Park projects follow the County's 6 Step Engagement Guide
- Typically consist of 2-3 engagements or more depending on complexity
- Include a variety of engagement tools
- 1st Engagement Visioning work with community to solicit feedback on proposed amenities or uses.
- 2nd Engagement Concept(s) developed and shared back out to the public for feedback
 - Present to appropriate Commissions
- **3rd Engagement** Present final concept.

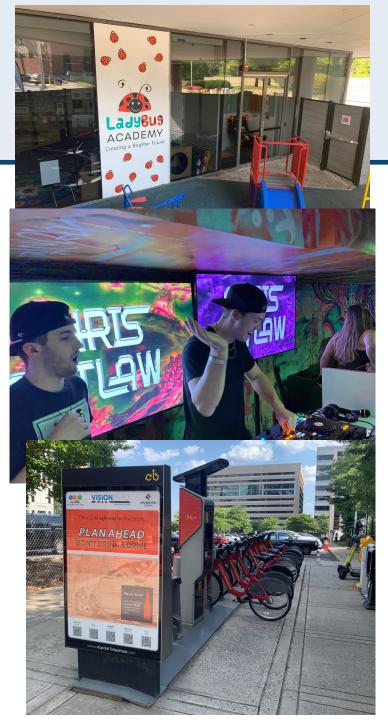

Precedent: APS construction projects

- ACZO amended in 2016 to permit County Board use permit approval of flexibility for schools
- Zoning standards which can be modified:
 - Maximum height
 - Minimum setbacks
 - Maximum density
 - Minimum parking

Use Permits

- County Board approval, typically on consent agenda
 - Land use which may have adverse impacts in certain locations
 - Uses (child care centers, live entertainment, bikeshare stations)
 - Modifications (# of seats in an outdoor café)

igure 5 West Aerial View (VMDO Architects)

igure 6 South Aerial View (VMDO Architects)

Figure 7 Northeast Aerial View (VMDO Architects)

- Schools use permits
 - Modifications permitted for parking, setbacks, lot area, lot width, maximum height

Policy considerations

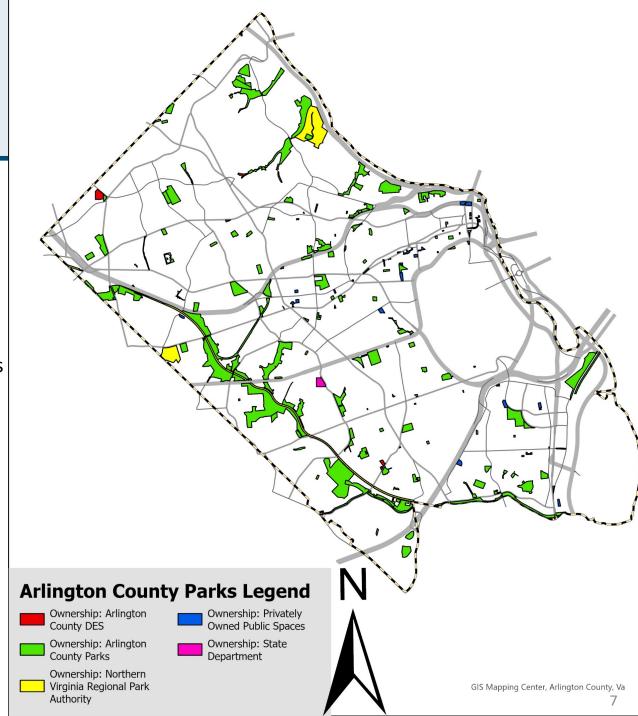

Flexibility for creative & efficient use of limited public land

Background:

- Arlington's first Zoning Ordinance adopted in 1930
- 46% of County owned parks are less than 2 acres
- More will need to be asked of from smaller spaces
 - o natural vegetation, casual use spaces, recreation opportunities
 - o stormwater management, environmental sensitivity, utilities
 - demand will continue for land use compatibility

Other factors for zoning evaluation:

- historical park development
- environmental constraints
- equity
- population growth
- emerging trends in park design

Phase 2 Approach

Examine how County Board could use the use permit approval process to allow the following in public spaces:

- Increased Height
- Reduced Setbacks
- Parking Modifications

Increased Height

Maximum height req. applies to:

- Buildings (ex. community center, nature center)
- Accessory buildings (ex. storage sheds)
- **Field lighting** where lights already exist
- Play equipment
- Sports field features (ex. Court or field fencing/netting, dugout/backstop)
- Temporary enclosures to enable yearround use (ex. bubble/dome on courts/fields)
- Any park improvements affixed to the ground

Public (P) Districts Zoning	Maximum Height (feet)	Maximum Height (feet) + Flagpole (23 feet)
S-3A	45'	68'
P-S	75'	98'

Case Study: Jennie Dean Park

Example: Jennie Dean Park was rezoned from the M-1/S-3A districts to the P-S district to facilitate the installation of athletic field lighting

S-3A: Max Height – 68' P-S: Max Height – 98' SITE PLAN

Reduced Setbacks

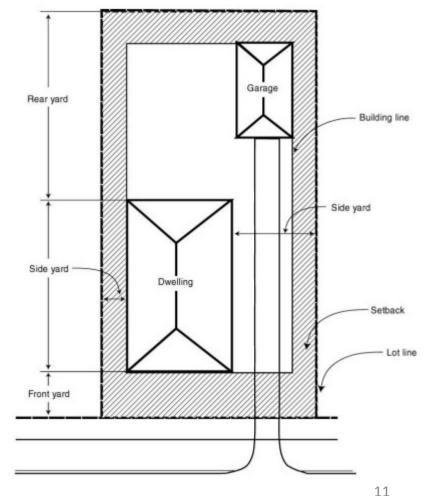

Constraints which influence park master planning:

- Limited availability of land
- Providing/preserving natural resource access in public spaces
- Existing property boundaries
- Adjacent roads
- Environmentally sensitive areas (ex. RPA)

Must adhere to setbacks

- Buildings (ex. community centers, nature centers)
- Temporary bubble/dome enclosures
- Lighting along walking trails that exceeds 15' in height
- Athletic field/court lighting (existing)
- Fencing which exceeds the maximum height of 8 feet

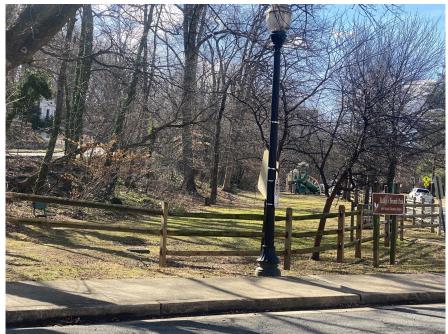

Setbacks from any street in S-3A: The larger of either **50 feet from said centerline of any street, or **25 feet** from any street right-of-way line.

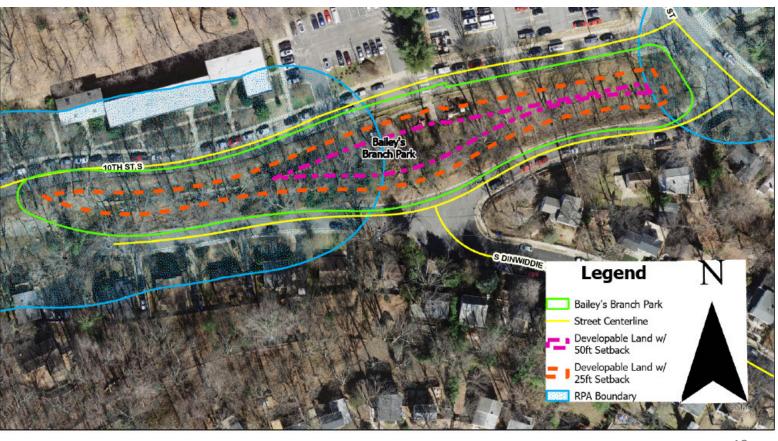

Case Study: Bailey's Branch Park

Location: 990 S Columbus St

<u>Constraints</u>: Narrow/linear, Resource Protection Area, topographical challenges, heavily forested. Current S-3A setbacks would hinder future improvements.

Programming: Casual Use & Playground

View from S. Columbus St.

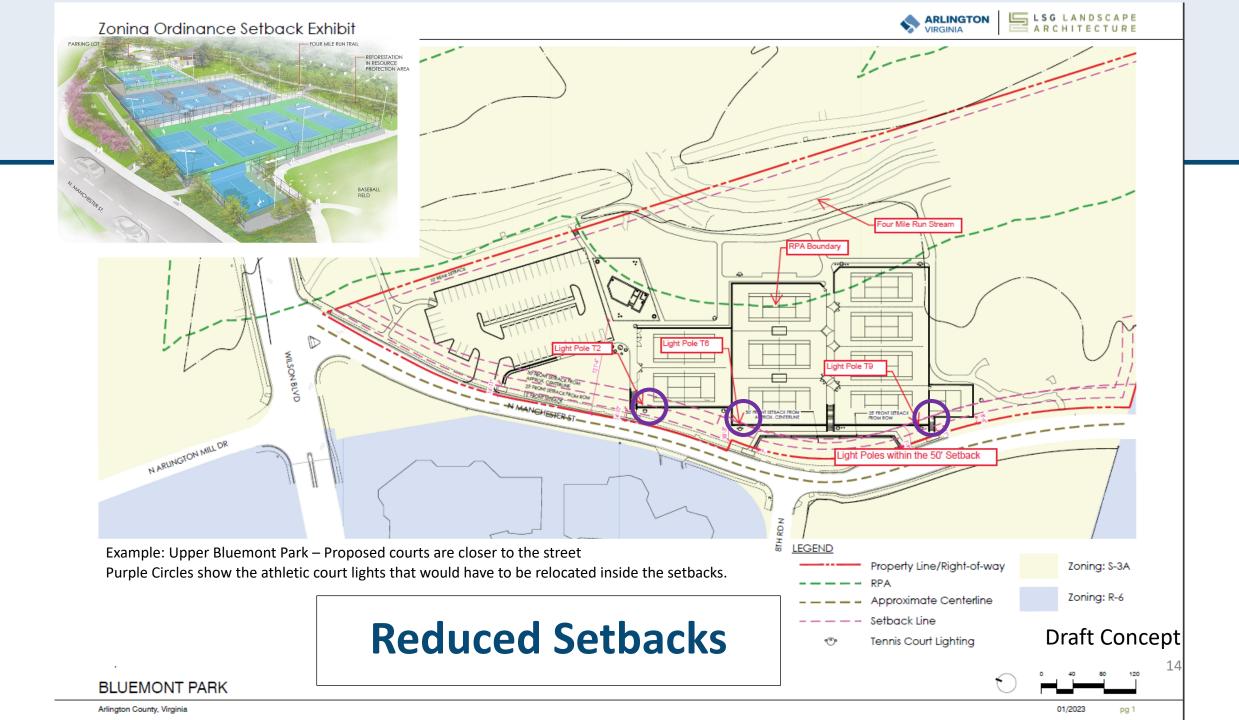

Reduced Setbacks

Example: Upper Bluemont Park – Proposed courts are closer to the street

- * New Entrance with Signage
- 1 Existing Sign to Remain
- (2) Bioretention Area
- (3) Bicycle Rack/Repair Station
- 4) ADA Access
- (5) Casual Open Space
- (6) Practice Wall
- (7) Emergency Egress
- (8) Existing Ballfield (No Changes)
- (9) Viewing Terrace
- (10) Seating Area
- (1) New Auxiliary Building
- New Native Plant Material to Stabilize Slopes
- 13 Specimen Tree in Excellent Condition
- (14) Shade Structure
- (15) Maintenance Vehicle Access
- (16) RPA Reforestation Area
- 17 In-ground Tennis Ball Play Element
- Change Entrance Shifted;
 Parallel Parking Removed
- Change Hardscape and Play Element Adjusted
- Change Pedestrian Access Shifted;
 Maintenance Access Added
- 2) Change Pedestrian Access Shifted
- 120'x50' Practice Court (1-2, 6-9)
- 120'x60' Event Court (3-5)
- 11 Trees to Be Removed
- Edge of Existing Parking Lot and Tennis Court
- Permeable Paving
- ---- RPA Line
- Changes since 2nd community engagement

Draft Concept

Flexibility for Parking

14.3.7 Required parking and standing space		
Use Types	Minimum Parking Requirement (spaces)	
Community swimming pools	1 per each 40 sq. ft. of pool area	
Athletic or health clubs	1 space per 50 sq. ft. of gross floor area	
Indoor or outdoor recreation	1 space per 300 sq. ft. of indoor floor area or outdoor area	
Tennis, racquet and handball courts	3 spaces per court	
Community centers	1 space per 3 seats	

Flexibility for Certain Signs in Public Spaces

- Flag signs
 - Flag pole must be located within 30' of the principal entrance to the main building
- Freestanding signs
 - Limited to 1 freestanding sign per "entrance"
 - Minimum setback required of either 5' from property lines or 10' feet from back of sidewalk
- **Preliminary approach**: removal/exclusion of limiting zoning language in lieu of use permit modification

Anticipated Schedule (2023)

September/October: Community Engagement

- September 19th: Park and Recreation Commission
- Online feedback form for public comment
- Virtual Public Information Session
- Public Spaces Master Plan-IAC

October 10: Zoning Committee (ZOCO) briefing

October 26: Sports Commission

November 2: Public Spaces Master Plan-IAC

November 11/14: County Board to authorize Request to Advertise (RTA)

December 4/6: Planning Commission public hearing and

recommendation

December 16/19: County Board public hearing and action
