

# Arlington Transit Operations & Maintenance Facility Update

---

Pierre Holloman

May 9, 2023

# Challenge & Project History

---

- Challenge:
  - Arlington Transit's fleet grew between 1998 – 2018
  - Additional needs identified in 2016/2017 Transit Strategic Plan
  - Operated and maintained buses in multiple locations including in Alexandria, VA
- July 2018: County Board approved purchase of three parcels on Shirlington Road in Green Valley
- 2018 – 2019: Preliminary design and site test fits to help determine bus parking as well as areas for maintenance, operations, and administration
- 2020: Stantec awarded design and engineering contract
- May 2022: Turner Construction awarded Construction Management at Risk (CMAR) contract to construct the facility
- June 2022: Groundbreaking Ceremony

# Funding

---

- Northern Virginia Transportation Authority (NVTA)
- Virginia Department of Rail and Public Transportation (DRPT)
- Arlington County
